

## Traffic and Parking

### **Drop-Off/Pick Up of Children *Before* and *After* School**

We understand that parents need to work, but we also expect parents to be reasonable and responsible regarding the safety of their children. Since Wilson School has neither the resources nor the responsibility to provide supervision, parents should never drop off their child any earlier than 7:15 A.M. and always be sure to arrange for appropriate supervision and/or pick-up of their child within twenty minutes after dismissal.

A particular concern is for those children who are expected to wait unattended and unsupervised at the Wilson Community Park until they are picked up. The park is a widely used facility open to anyone. Wilson School has no control or jurisdiction over activities at the park and is able to offer absolutely no measure of assurance regarding the safety and well-being of children left there during non-school hours. Thank you for your *kokua* on this important matter.

### **Parking Advisory**

Due to congested and hazardous traffic conditions, especially for school opening, parents and friends are asked to use strong caution and courtesy to our neighbors when dropping off/picking up their child. **ALL stalls** in both the Wilson School parking lot and the Honolulu District parking lot (behind the cafeteria) are **RESERVED**. Parents are advised to use appropriate street parking when leaving their vehicles unattended.

**District Parking & Back Lot** These areas are "off-limits" to parents and guardians. NO ONE should be entering these areas to park, load/unload or use as a short-cut to drop off or pick up children. Please be courteous and have consideration.

**Handicapped Parking Stalls** Please also be reminded that the use or blockage of the handicapped parking stalls next to the stairway fronting the School Cafeteria are federal violations. Adult drivers who are in the practice of using the stalls as a convenient drop-off and pick up area for children are asked to be mindful that an official authorized placard must be displayed.
