

## **Emergency Guidelines for Parents and Guardians**

In the event of an emergency, parents, guardians, friends and relatives are asked not to call or approach the school to pick up their child(ren). It is important to keep communication and transportation lines open and available for use by emergency response agencies and vehicles. Wilson School is an evacuation site for Civil Defense emergencies. It has in place the appropriate procedures as well as the facilities and provisions to offer safe haven to our children until such time as they may be returned to you.

Should you learn of an emergency, turn on the radio, television, or any other available device for receiving news and news up-dates. Do not give credence nor respond to rumors and third party sources of information. In the event of an emergency affecting our school, news and news updates will be provided directly to the public by officials of the Department of Education through its Public Affairs Office, State Superintendent's Office, and/or Complex Area Superintendent's Office. The school may also email information and/or utilize our Synrevoice Mass Messaging System. Therefore, it is critical to keep your information current with the front office.
