

School Meals Program

National School Lunch and Breakfast Program Application

The Free and Reduced-Price Meals (FARMS) program operated by the US Department of Education provides free or reduced-price meals for children of qualifying families. Parents or guardians who think they meet the income requirement should complete the form and return it to the school as soon as possible to allow time for processing. Students who were receiving free or reduced breakfast and lunch meals last school year and who remain eligible this year have a grace period of ten days to receive benefits.

School Menu

The School Foods Services Branch requires schools to send out a school lunch menu for parents to refer to during the entire school year. We graciously request that parents not call the cafeteria for menu updates. Our school website will include a two-week posting of breakfast and lunch menus. In addition, you can check the cafeteria bulletin board facing the serving counter in the cafeteria.

New Automated PrimeroEdge Meal (Lunch) Accounting System

The former *Meal Tracker* accounting program will be replaced with the new *PrimeroEdge* meal accounting system beginning in January 2017. The past procedures for meal payment collections are expected to be the same. This includes depositing money into a ‘credit’ account for your child from which the price of each meal or a la carte purchase will be deducted. Deposits may be made at the Payment Collection Box located in the School Office. Once a child’s account has been opened with an initial deposit, the computerized program generates a Payment Reminder to inform parents whenever the balance reaches \$10.00 or less. *Parents are urged to check for these Payment Reminders in their child’s folder or backpack.* Additional deposits must then be made to replenish the account and avoid deficit balances. The maximum allowable deficit has been set at \$11.00 by the Department of Education. If a deficit still has not been cleared, the student will be asked to call his/her parent to either bring a lunch or lunch money. Deposits may be in cash or with checks payable to: Dept. of Education, State of Hawaii.
